Dear Judge Sullivan,

March 8, 2009

Re: Odom v. ~~TRANS~~ et al.,
99 Civ. 10668 (RJS)(MHD)

I need four (4) federal subpoenas with a
Seal to be able to obtain my medical records

I am writing this letter in regards to the catch-22 position I am in, by being
unable to communicate with the Court System since March 26, 2009. After being admitted
into a outside medical hospital at Plattsburgh, New York.

And now all the Medical Doctors are being informed that they are now allow to write
letters for patients regarding how they are being denied meaningful access to the Court
System...while being a patient in Albany County Medical Center. Your Honor, I am now
being told by the medical doctors, that they are unable to write letters to the Court
regarding this catch 22 situation.

And every since March 26, 2009, the Department of Correctional Services security staff
has been repeatedly interfering, obstructing and infringing with my access to the Court System,
so much your honor, that I am going to need the Court to issue me at least three
federal subpoenas to obtain this information. A Security Security is trying to tell
me that the Attorney General's Office, is handling everything; but allege that all the
mail which I give to security or medical personnel's are not being mailed to its
destination.

Now said Correction Sergeant alleges that all mail I give medical or security addressed
to the Courts are forward to my correctional facility, in other words not being forward to
the Courts or to upstate parties for so reason or another.
